Ladies and Gentlemen,

After receiving a returned newsletter and extensive research from Kihei, HI to Boca Raton, FL, I can report the passing on January 11, 2017, of Carole S. The link to Carole's notification is: https://www.gpanochfunerals.com/obituary/Carole-Diamond

Apparently, the Diamonds' had homes in both Kihei and Boca Raton. My research to find Carole led to an address in Maine which resulted in a returned Newsletter. Online records still show Marvin with a Kihei address. Fortunately, Bob Hoch's notification of Marvin's passing mentioned a Boca Raton address. Checking for an obituary for Carole in Boca Raton gave the notification with no details. Thankfully, the funeral home confirmed Carole and Marvin were married.

Ladies and Gentlemen,

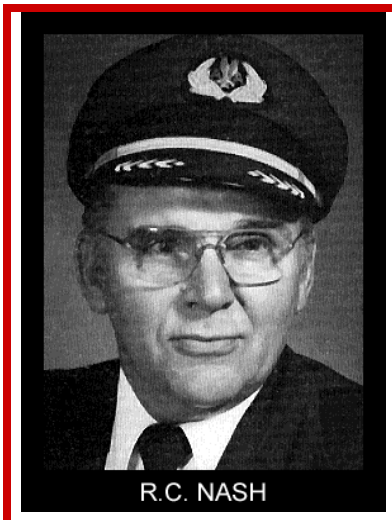
We were informed by Charlie Nash of the death of his parents. On June 4, 2019, Robert C. “Bob” Nash, Grey Eagle #1383 Passed. His wife, Betty, preceded him on four years earlier on June 4, 2015. Condolences may be sent to Charlie and family at the address below. The link to Betty’s obituary is: https://www.legacy.com/obituaries/pressdemocrat/obituary.aspx?n=betty-nash&pid=175075482

In advance of an obituary, Charlie sent the following:

My father was a navy pilot in WW 2. He flew in North Africa at the end



of the war in Europe, patrolling the Straits of Gibraltar in PBYs. He was then sent to central California with a bunch of Navy pilots to get ready for the invasion of Japan. He was qualified in and had a lot on time in the Lockheed Ventura. He flew in the Naval Reserves after the war and was hired by American in 1952. He flew out of the NYC airports until 1970, when he transferred to SFO. He flew Convairs, DC-6s and DC-7s, the Electra, the Convair 990, the BAC 1-11, the 707 and the DC-10. He retired at 60 in 1982. After retirement, he and my mother cruised in a sailboat he built. He also had a Cessna 185 and flew it all over the western US and Alaska. He spotted fish in Bristol Bay, AK when he was 75.

He had great stories. In 1972, he landed a 707 at SFO that had an unlocked main gear. As I recall, the FE looked at it through the prism block and confirmed that it was down but not locked. They landed in a severe crab and dragged it into lock, blowing the tires. It was written up in the local papers. I am probably one of the few people who logged right seat time in a Convair 340 at seven years old.

"Major General William John Davis passed away on March 14, 2019, at the age of eighty-five years old while being hospitalized not far from his farm in Wadsworth, Illinois. William Davis was a lifelong Chicagoan, born August 4, 1933. He was a native of the north side, raised a family in the western suburb of St. Charles, and retired to his farm in Wadsworth, just north of Gurnee. After graduating high school, he joined the U.S. Air Force in 1953, and began his flying career as a navigator for reconnaissance missions. He then returned to Chicago, joined the reserves, and attended school at Northwestern University where he graduated in 1959 with a degree in Political Science. After briefly attending law school at the University of Miami, he decided to pursue a flying career full time and took a job with American Airlines. In 1971, he married Sandra Marie Richter of Hopkins, Minnesota, and they started a family raising two children, Kristen Marie and Michael William.

William Davis served 35 years with the United States military before retiring as the Commander of the Illinois Air national Guard in 1989. After 30 years of service with American Airlines, he retired as a Captain in 1993. He became a widow when his wife Sandra Davis died of cancer in 2000.

He was a curious, compassionate, and scholarly individual. He was a car and motorcycle enthusiast, a philanthropist, and a public servant, but he'll be remembered most as a wonderful father and a loving

husband. He is survived by his two children, Kristen and Michael."

Dearest Friends and Family,

Most of you know our loving husband and father passed away on June 21, 2018, after a short and shocking

bout with pancreatic cancer.

Please see the information below regarding our husband/father, Capt. David F. Durham's, memorial service

and reception, the latter immediately following the service. We are aware that many of you will not be

able to attend, but we thought you would like to know what we have planned to honor him.

At the present time, we have not determined the location of David's remains. The possibilities are Arlington Columbarium in Arlington, Virginia and Punchbowl Crater in Honolulu, Hawaii.

We, Matt and Trev, have posted a tribute to our father on Facebook.

In addition to below, in the fall we are planning a "Celebration of Life" for our

father and our grandmother, Jeanette "Mimi" Stokes in Strongsville, Ohio, where all our parents and grandparents, the Durhams and the Stokes, lived for many years. Mimi passed away on April 8, 2018.

Thank you for all your support and caring during this challenging time for our family.

Warm alohas,

Dixie, Matt, and Trev
